i.) Introductions

ii.) Auto Theft/Carjacking Data Discussion

- a. In February of 2016, MPD provided a list of incident report (IR) numbers for auto theft by force during the time period of July 1, 2014 – June 30, 2015, to the DA's office. Since that time, the DA's office has taken each IR and cross referenced with case charging and disposition information. The group would like to ensure the list provided by MPD is all encompassing, thus MPD will again pull the information and provide that to the DA's office by the end of the week (4/8/16). DOC, DJC and Delinquency have begun the process of cross-referencing cases, but are finding the task to be a challenge to match. The group will continue to move forward and provide updates at the next meeting.

iii.) Partner Updates/Other Business

- a. Mark Stanmeyer/Joel Plant – MPD – The City of Milwaukee has recently joined the Department of Justice's Violence Reduction Network (VRN). The current phase is allowing for significant technical assistance in supporting and improving data capacity. Two TA providers will be in Milwaukee next week, April 11 – 13, meeting with MPD to evaluate current data systems and find areas for improvement. MPD is willing to share this time with any MCJC partner agency who is interested in having an analysis of their data capacity and recommendations for improvement. Captain Stanmeyer will pass the information on to Mandy for distribution. Any member interested can reach out to Mandy or MPD directly to be added to the itinerary.

iv.) Adjourn

Next Meeting: Monday, April 27th, 2016 – 8:30am
