

2010 Budget
Contact your supervisor
November 10, 2009

Many thanks to all of the readers of my emails who contacted members of the County Board.

This story shows the impact of your calls:
<http://www.jsonline.com/blogs/news/69599692.html>

I firmly believe that your calls helped to defeat a new wheel tax and an even higher tax levy. Still, after several hours behind closed doors, the County Board passed a budget with a nearly 4% increase in the property tax levy.

The final vote was 10 to 9. Today, I am working on several vetoes that will get the budget back to a 0% increase in the tax levy.

The County Board will vote on my vetoes next Wednesday, November 18. I only need 7 votes to uphold each of the vetoes.

Your calls already stopped a wheel tax. Now, you can help us uphold a budget with no increase in the tax levy.

Please call members of the County Board between now and next Wednesday at 278-4222 and ask them to protect taxpayers and uphold our vetoes. Thank you.

Scott Walker
Milwaukee County Executive
