**WALKER ADDRESSES BUS SECURITY**

MILWAUKEE – County Executive Scott Walker ordered officials from the Milwaukee County Transit System to address the security issue on the bus chartered by St. Charles School with school officials. Service will continue for the remaining two weeks of the school year with a security guard on board.

Then, school and transit officials will meet to discuss viable alternatives for the fall semester. The school will be expected to either provide its own transportation services or the presence of a security guard.

“We will not tolerate violence on county buses. The safety of the students and bus driver on this chartered route is a priority,” said Walker. “We will work with the Sheriff’s Office, transit and the school to find a permanent solution.”
