Transit/Paratransit, as follows:

WT040-New Annunciators

Increase general obligation bonding by \$2,200,000 to purchase the annunciator system. Reallocate \$2,200,000 of American Recovery and Reinvestment Act (ARRA) grant revenue to the transit system to offset operating costs. Under the provisions of ARRA transit grant funding, up to 10% of the County's allocation may be used for operating purposes. The County's ARRA grant for transit is \$25.6 million.

5600-DTPW-Transit/Paratransit

- Delete the reference to a new transfer fee by modifying the narrative language (and related fare tables) as follows:

~~Additionally, a \$0.25 transfer fee, as proposed by MTS, is included in the 2010 Recommended Budget to help offset the rise in operational costs. This fee generates \$1,096,000 in increased revenue. Of the thirteen transit systems within MCTS' peer group, six include transfer fees (ranging from \$.25 to \$.75 per transfer).~~

AMENDMENT TO THE COUNTY EXECUTIVE'S
2010 RECOMMENDED BUDGET

By Supervisor Coggs, Thomas and West

Amend Org. Unit No. 1950-Employee Fringe Benefits, 1933-Land Sales, 1993-State Shared Taxes, WT 046 – Bus Rapid Transit, 5500-DTPW-Water Utility, 5700-DTPW-Facilities Management, 9960-General County Debt Service, 1972-Wage and Benefit Modification Account (and all Org. units affected by 1972), as follows:

Org. 1950 – Employee Fringe Benefits

Modify the narrative on page1950-4 as follows:

The 2010 budgeted amount of \$731,730,113 for the County's contribution to the Employees' Retirement System of Milwaukee County (the "ERS") includes normal costs of \$22,144,383, an unfunded actuarial accrued liability cost of \$16,403,617, ~~a stabilization fund contribution of \$2,000,000~~ and debt service costs of \$33,182,113, which are offset by \$7,263,237 from amortization of the Mercer lawsuit settlement. The County settled its lawsuit with Mercer in 2009 and received an award of approximately \$30,000,000. In accordance with County ordinances, the proceeds will be amortized over a five-year period.

In March of 2009 the County issued \$400,000,000 in pension notes to fund a portion of the unfunded actuarial accrued liability ("UAAL"). The County structured its issuance to provide level debt service for the next 25 years on the notes and also committed to providing annual funding of \$2,000,000 for the Stabilization Fund. For 2010, the contribution to the Stabilization Fund is suspended, but may be restored if the actual contribution to the ERS, which is presented by the actuary to the County in Spring 2010, is less than the amount budgeted in this account.

With the contribution from the pension note proceeds, the most recent valuation of the ERS dated January 1, 2009 indicates a 95.7 percent funded status. This funded ratio is based on an actuarial value of assets of \$1,968,518,479 and an accrued liability of \$2,057,376,988. However, the ERS incurred market losses of \$486,133,267 during 2008. The County expects to increase the contribution rate over the next five years to account for this loss (a five-year period is used to allow for a smoothing in contributions and avoid large contribution increases or decreases as a result of market changes).

Make the following changes to Org. 1950-Employee Fringe Benefits based on an analysis by the Department of Audit:

- Reduce basic health benefits funding by \$1,108,230, partially offset with \$255,336 in reduced revenues, for a net tax levy savings of \$852,894.
- Reduce Medicare Part B reimbursements by \$142,267, partially offset with \$32,778 in reduced revenues, for a tax levy savings of \$109,489.

1993-State Shared Taxes

Increase revenue from State Shared Taxes by \$1,151,472, to \$37,872,201, based on a revised projection recently provided by the State Department of Revenue.

WT 046 – Bus Rapid Transit (BRT)

Modify the narrative to reflect that the required local match of \$6,459,000 will be provided through general obligation bonding rather than cash proceeds from the sale of County Grounds land to the University of Wisconsin-Milwaukee. This provides a total of \$3,161,300 in 2010 land sale proceeds allocated for the BRT local match to be placed into Org. 1933-Land Sales. This will also provide an additional \$3,297,700 in land sale proceeds in 2011, the remaining local match for the BRT, to be available in the 2011 budget.

1933-Land Sales

Increase land sale revenues by \$3,161,300 to reflect the action taken as part of WT 046 – Bus Rapid Transit initiative.

Org. 5700-DTPW-Facilities Management, Org. 5500-DTPW-Water Utility and various Orgs.

Add the following narrative language to Org. Unit No. 5700 – DTPW Facilities Management:

Facilities Management will allocate 1.5 FTE positions of Electrical Mechanic and 1.5 FTE positions of Plumber to the DTPW Water Utility, consisting of water distribution, sanitary sewer and storm water systems, to reflect use of these positions for normal maintenance and oversight of the Water Utility system. Costs of these positions, totaling \$294,645, will be charged to the Water Utility.

Add the following narrative language to Org. Unit No. 5500 – DTPW-Water Utility:

Costs for the allocation of 1.5 FTE positions of Electrical Mechanic and 1.5 FTE positions of Plumber in DTPW Facilities Management, totaling \$294,645, are allocated and crosscharged to the DTPW Water Utility. These costs are offset by increased revenue of \$294,645 resulting from increased charges for water usage to the public and private users of the system. Expenditures for public users to cover the costs of this increase are allocated as follows, based on usage:

<u>DTPW-Fleet Management</u>	<u>\$1,000</u>
<u>DHHS-Children’s Court Center</u>	<u>2,000</u>

<u>DHHS-Behavioral Health Division</u>	<u>7,000</u>
<u>DHHS-Behavioral Health Division CATC</u>	<u>2,000</u>
<u>Department of Parks, Recreation and Culture</u>	<u>1,500</u>
<u>DAS Office for Persons with Disabilities</u>	<u>500</u>
	<u>TOTAL \$14,000</u>

(Note: The impact of this initiative results in a tax levy savings of \$280,645)

Org. 9960-General County Debt Service

Modify the narrative language on page 9960-4 as follows:

**Sale of Capital Asset (4905)
Doyne Hospital Sale Revenues**

Revenues for 2008 exceeded the budget by nearly \$4 million due to a reclassification of various financial accounts by Froedtert Hospital. Since this was a one-time reclassification, 2009 revenues were budgeted based on a seven-year average excluding the 2008 payment. Actual revenues for 2009 are projected to be significantly lower than budgeted due to the global economic recession. ~~As a result, no revenue is budgeted in 2010.~~ Based on a first quarter projection furnished by financial staff at Froedtert Hospital, the 2010 estimated revenue is \$3,900,000.

Org. 1972-Wage and Benefit Modification Account

Delete the entire narrative language beginning on page 1972-1 and recreate as follows:

BUDGET HIGHLIGHTS

The 2010 Recommended Budget established this non-departmental account to propose wage and benefit modifications totaling \$32,027,379. This amount was distributed to each department as a lump sum wage and benefit reduction. An analysis by the Department of Audit indicates that these wage and benefit reductions averaged 13 to 16 percent, or \$6,800 to \$8,400 for an average employee. The County Executive's Director of Labor

Relations was not consulted on the likelihood that these concessions could be achieved either through arbitration or negotiation.

To provide a more credible approach for labor negotiations, the 2010 Budget reduces the \$32,027,379 by \$15 million, to \$17,027,379. In addition, several initiatives are outlined below to reduce the wage and benefit reductions even further than those that are budgeted within each department. While the items listed below may not mitigate the entire \$17,027,379 wage and benefit reduction, they will collectively minimize the impact to County programs, services and operations.

Many of these modifications will require agreement with collective bargaining units for represented employees. To the extent that they are not achieved beginning January 1, 2010, the corrective actions that will be necessary to balance the 2010 budget may be severe.

Salary

Milwaukee County faces severe fiscal challenges due in part to rising employee/retiree benefit costs and reduced State aids for mandated programs and services. The fiscal shortfall has been exacerbated by an economic recession that has significantly reduced countywide revenues. To address these issues, the following will be enacted for 2010:

- All step increases, as provided for in Chapter 17 of the Milwaukee County General Ordinances are eliminated for 2010.
- Eight furlough days are budgeted for 2010. Four date-specific furlough days will be April 2, May 28, December 23 and December 30. Resolution File No. 09-398, adopted by the County Board on October 14, 2009, shall govern the application of the furloughs for these date-specific days. In addition, all employees, except elected officials and member of boards and commissions, shall take four "floater" furlough days. The employee with the approval of the appointing authority will determine these floater furlough days. Part-time or partial year service shall be prorated accordingly.

Overtime

- Overtime pay will not be paid for hours in excess of eight during the workday unless the employee has exceeded 40 hours in the workweek. This is consistent with federal law and will provide consistency among Milwaukee County labor agreements.

- Employees will only receive overtime pay for hours worked instead of credited. This is consistent with federal law and will provide consistency among Milwaukee County labor agreements.
- Management will be provided with the discretion to either pay out overtime or allow deputy sheriffs and nurses to accrue the overtime as paid time off to provide staffing flexibility and reduce overtime cost.
- Modifications to Chapter 17.16(1)(b) will reduce the cost of overtime for salaried non-represented employees in positions that are exempt from the overtime requirements of the Fair Labor Standards Act (FLSA) by reducing the amount of overtime earned and limiting pay out to compensatory time off.

Health Benefits

- Employees currently pay monthly premiums for healthcare costs in addition to deductibles and co-payments. The 2009 monthly premiums are \$35 single and \$70 family for the HMO and \$75 single and \$150 family for the PPO plan. For 2010, these premiums will increase to \$50/\$100 for the HMO and \$90/\$180 for the PPO plan.
- The out-of-network co-insurance co-payment will be increased from 20% to 30%. Increasing the patient co-insurance obligation will reduce County PPO costs through better provider discounts.
- Deductibles for the PPO plan will increase by \$100 for a single and \$300 for a family plan.
- Out-of-pocket maximums for the PPO plan will increase by \$500 for single plans and \$1,000 for family plans.
- Emergency room co-pays will increase to \$100 to reduce County costs associated with emergency room visits not resulting in an in-patient admission.

Pension Benefits

Projected annual costs of the current pension benefit are simply not sustainable. To lower these costs while still providing an attractive pension benefit, the annual “multiplier” will be reduced beginning in 2010. All members, other than a deputy sheriff or elected official, shall have future years of pension service credited at a 1.6 percent annual multiplier rather than 2 percent. No diminishment of pension service credit already earned will occur. In addition, all new hires after 12/31/09,

- other than a deputy sheriff or elected official, shall have a normal retirement age of 64 instead of 60.

Pursuant to County Ordinance, ordinance amendments effectuating these changes shall be brought forward and reviewed by the Pension Study Commission and Pension Board and approved by the County Board prior to January 1, 2010.

This amendment would increase general obligation bonding by \$6,459,000 and tax levy by \$3,944,270.

AMENDMENT TO THE COUNTY EXECUTIVE'S
2010 RECOMMENDED BUDGET

By Supervisors Jursik, Johnson and Thomas

Amend Org. Unit No. 9000 – Department of Parks, Recreation and Culture, as follows:

Insert the following narrative to institute a vehicle admission sticker program for the Parks System by increasing expenditures \$120,536 and increasing revenues by \$567,128 for a tax levy decrease of \$446,592:

"The Parks Department is instituting a vehicle admission sticker program (window decal). A vehicle admission sticker is required on all vehicles parking in Milwaukee County parks. Stickers may be purchased at various outlets including at the Parks Administration Building, concessions stands and other designated outlets as defined by the parks administration. Vehicle admission sticker prices are as follows:

County/Non-County Resident Daily	\$ 2.00
County Resident – Annual	\$10.00
County Resident (2 nd or additional vehicle) – Annual	\$ 5.00
Non-County Resident – Annual	\$20.00
Non-County Resident (2 nd or additional Vehicle) – Annual	\$ 7.50
3-Year Golf Parking Permit	\$ 30.00
VIP Pass/Park Patron	\$100.00

*The net revenue increase does not include the voluntary contributions for the VIP Pass.

The VIP Pass/Park Patron category provides for an additional voluntary contribution for a parking sticker by those who choose to be recognized as a Park Patron and wish to display their pride in the parks. Each Park Patron shall receive a specifically designed sticker and the same parking privileges as provided for the VIP Pass holders. In addition, the Parks Director will develop and provide VIP Pass/Park Patron-only benefits such as monthly e-newsletter updates, invitations to certain parks events, etc.

Parks shall continue to be open and accessible to users, including pedestrians, bicyclists and those who arrive by mass transit. Park users that arrive by motor vehicle and use the parking in lots or lanes within the Park System must purchase a daily or annual pass for the use of the highly valued parkland to park vehicles.

Areas within the Parks System that do not require a vehicle admission sticker include parkway parking lanes within the Parks System that are connectors to non-park thoroughfares or are restricted parking lanes in either non-commercial, residential areas or private commercial areas along parkways. Anyone with a vehicle admission sticker is not required to pay at the metered parking along Lincoln Memorial Drive, Lagoon Drive and lakefront parking lots. Also, vehicles displaying a current UW-Milwaukee (UWM) student sticker are exempted from the Parks vehicle admission sticker requirement in park lots that are specifically in areas defined in the Milwaukee County’s parking agreement with UWM.

Four FTE positions of Park Patrol (seasonal) are created to sell admission stickers, patrol for violators and issue citations for an expenditure increase of \$110,536. Supplies and commodities accounts are increased by \$10,000 for the purchase of stickers and necessary signage.

The Parks Department will provide the Committee on Parks, Energy and Environment with an update on the program no later than the July 2010 cycle.”

Amend the Capital Improvements Budget for WO060 – Parkway Improvements, as follows:

Add reconstruction of the Milwaukee River Parkway, from West Silver Spring Drive north to West Bender Road to the Countywide Road Improvement Program for 2010. That segment of the parkway has a pavement condition rating of 40 out of 100. Pavements rated 40 or below are deemed to be in immediate need of reconstruction. The total cost of reconstruction is \$1,100,000 including engineering, inspections, other fees and contingencies, and a redesign of the pedestrian crossing between City Hall and Parkway School for safer crossing by the students and their parents.

The City of Glendale will provide 60% or \$660,000 of the funding and the County's share will be the remaining 40% or \$440,000 in general obligation bonds. The City of Glendale's share would cover 50% of the County's total costs of \$880,000 plus \$220,000 for sidewalk, curb and other enhancements requested by the City. The City of Glendale has also offered to design, engineering, and inspect the project.

In accordance with past practice, the Parks Director will negotiate a memorandum of understanding (MOU) with the City of Glendale that specifies each entity's responsibility in the design, construction, inspection and funding of the project. It is expected that Milwaukee County will provide general obligation bonding for its share of the project and will be reimbursed by the City of Glendale for its as determined by the MOU.

By Supervisor Clark

Amend Org. Unit No. 4000 - Sheriff, as follows:

Room and Board Fee (\$100,000)

~~State law permits counties to seek reimbursement from inmates for services directly provided. A daily room and boarding fee of \$6 is implemented for all sentenced inmates at the CCFS. These fees are intended to partially recover approximately \$1,300,000 in costs for medical and dental services, meals, and clothing for the daily population of 600 sentenced inmates. The Office of the Sheriff will charge only those inmates determined not to be indigent, and will refer outstanding balances to the county's collection agency.~~

The Sheriff's Office will study the policy question of whether to assess a daily room and board fee for non-indigent sentenced inmates as allowed by state law, including determining viable revenue projections and identifying a practical definition of indigency. The Sheriff's Office will submit a report on the topic and any recommendations to the Committee on Judiciary, Safety and General Services by July 1, 2010.

Room and Board revenue is reduced \$100,000, offset by an increase in commissary revenue by \$100,000 to \$818,750 based on revised 2009 3rd quarter projections. This amendment has no tax levy impact.

AMENDMENT TO THE COUNTY EXECUTIVE'S
2010 RECOMMENDED BUDGET

By Supervisor Coggs, Johnson and Thomas

Amend Org. Unit No. 5600 – DTPW-Transit/Paratransit, as follows:

Pursuant to State Statute 341.35, Milwaukee County will enact a \$20 county-wide vehicle registration fee effective March 1, 2010. The revenues generated by this fee will be allocated to Transit/Paratransit operations to reduce tax levy support for these functions. This fee will be repealed if another dedicated source of funding for transit related expenditures is authorized by the State Legislature and locally enacted that would generate an equal or greater amount of property tax relief.

This amendment would reduce tax levy by \$8,902,496

Org. No.	Department (or Capital Project)	Expenditure	Revenue (or Bonds*)	Tax Levy
5600	DTPW- Transit/Paratransit	\$0	\$8,902,496	(\$8,902,496)
TOTALS:		\$0	\$8,902,496	(\$8,902,496)

If approved, the Adopted Budget narrative shall be modified as needed to reflect this amendment.
