City of Milwaukee Health Department Joins SHARE Mobile Market to Offer Great Savings On Food

Milwaukee residents welcome to save 30-50% on quality foods

The City of Milwaukee Health Department (MHD) in partnership with SHARE Food Buying Club's new Mobile Market program will be offering quality foods at affordable prices on Wednesday, December 16 from 1:00 – 3:00pm at Southside Health Center, 1639 S. 23rd Street.

SHARE is a 25-year-old nonprofit food buying club that offers nutritious products at savings of 30-50% through a volunteer-run, community-based distribution system. SHARE's new Mobile Market program brings savings on supermarket quality foods to Metro Milwaukee neighborhoods that are underserved by traditional grocery stores. The food selection includes frozen meats, fresh fruits and vegetables, dried goods, convenience items and more. Everyone is welcome to shop the Mobile Market—there are no income limits or eligibility requirements.

In addition, throughout SHARE's entire service area of Wisconsin, northern Illinois, Michigan's UP and northeastern Minnesota, this week the agency plans to distribute over 6,000 Christmas Dinner Packages to families this week.
