MILWAUKEE POLICE INSTALL ATMS IN DISTRICT STATIONS

Milwaukee Police Chief Edward A. Flynn delivered the money line today: Automated Teller Machines are now on line in three Milwaukee Police district stations.

When he arrived in Milwaukee a year ago, Chief Flynn noticed that there were lines of people waiting to buy parking permits at the kiosks in the police district stations.

“If people are already here in our district stations to do a piece of business, I thought perhaps we could make ATMs available to them in a safe environment, as well,” Chief Flynn said in announcing the measure today.

In a partnership with Prime Financial Credit Union, MPD has installed the machines in the lobby area of the following district stations:

- **Police District 1 – 749 W. State Street (just outside municipal court at the security check point)**
- **Police District 3 – 2333 N. 49th Street**
- **Police District 5 – 2920 N. 4th Street**

The ATMs located in the police district stations offer a safe place for people to use a machine when they may be reticent to use one in a dark, desolate area. The police station locations also allow police personnel to use the ATMs that are connected to one of the MPD credit unions.
